Ancient Tradition Of Geometric Problems

Ctesibius or Ktesibios or Tesibius (Greek: Κτησίβιος; fl. 285–222 BC) was a Greek inventor and mathematician in Alexandria, Ptolemaic Egypt. He wrote the first treatises on the science of compressed air and its uses in pumps (and even in a kind of cannon). This, in combination with his work on the elasticity of air On pneumatics, earned him the title of "father of pneumatics."

Ctesibius - Wikipedia

African-American cultural history. From the earliest days of American slavery in the 17th century, slave owners sought to exercise control over their slaves by attempting to strip them of their African culture. The physical isolation and societal marginalization of African slaves and, later, of their free progeny, however, facilitated the retention of significant elements of traditional culture ...
