The Braun ThermoScan thermometer is intended for intermittent measurement and monitoring of human body temperature for people of all ages. It is intended for household use only. Use of this thermometer is not intended as a substitute for consultation with your physician.

ThermoScan - Braun

IRT 4520 IRT 4020... Page 4 To avoid gross temperature differences, the sensor itself is brought to a temperature close to that of the human body. When the Braun ThermoScan is placed in the ear, it continuously monitors the infrared radiation. The measurement will be finished and the result is displayed, when an accurate reading can be assured.
