Built with American-made JBL drivers, beefy JBL crossovers, roadworthy MDF cabinets, heavy-duty recessed handles, curved steel grilles, and rugged carpet covering. The JRX100 speakers are built to withstand the rigors of constant touring while delivering renowned JBL sound night after night.

### JBL JRX125 - Melodia Musik

The JBL Pro JRX 125 is a pair of speaker cabinets that I purchased years ago for under 1000 dollars. They still look brand new and sound exactly the same as they did the day that I purchased them years ago. I have used many JBL speaker cabinets before and I know that most all of JBL products are built to last a long time.

JBL JRX125 Description. This dual 15" 2-way speaker is a portable, dual fifteen-inch, two-way speaker system designed specifically for applications in live music performance and music playback. The dual fifteen configuration is especially useful for applications in which additional low-frequency power and extension is needed but adding a subwoofer to the system is not practical.

Dazmax PRO Infinity Member since 2007 Hi mate I use the JBL JRX series speakers for most of my PA rig. The JRX twin 15 units are pretty good but are more suited to install use. Bear in mind that you have to lift them. If you are looking for a DJing setup My suggestion would be to use a pair of 115's or 112's with poles or stands and a pair of 118 bass bins.
