### Macroanalysis: Digital Methods and Literary History ...

Although the book's appealing title, Macroanalysis. Digital Methods & Literary History, suggests a very broad coverage, the study in fact only targets a single, albeit comprehensive, corpus of English-language prose literature. Readers hoping for a more general introduction to the young paradigm of 'Distant Reading' will nevertheless find the author's discussion still generic enough to be appreciated by a varied audience of Humanities scholars.

### Macroanalysis. Digital Methods and Literary History ...

Macroanalysis's accomplishment is describing the use of databases of books to gain unprecedented insights. They give researchers the ability to employ comprehensive samples instead of random or representative samples - a big step up in this field - the Digital Humanities.

### Macroanalysis: Digital Methods and Literary History ...

Macroanalysis is really a showcase for the range and the potential of what the author calls "big data" literary study, more than it is a report on its discoveries.
