This sourcebook provides a great overview of the major players in Medieval political philosophy from the three major religions. Each translation includes a bibliography for further reading. It includes some of the only English translations I've been able to find for Al Farabi. Unfortunately, the book itself could have been higher quality.

Aside from its genuine value as a university text, Medieval Political Philosophy: A Sourcebook provides a thoughtful consideration of a number of themes, including the relation between religion and politics. As the editors point out, recent events have served as a reminder that the salience of religion and politics as an issue has not been confined to the medieval period.
