Financial security means that you have enough money to ensure you can still pay for the necessities in life, despite any unforeseen circumstances. An essential part of becoming financially secure is having an emergency savings. Despite this however, studies show that only 39% of people have enough in their savings to cover unexpected expenses.

**Sustainable Wealth Achieve Financial Security In A ...**

Sustainable wealth is a matter of understanding how the greater economic universe works, how that will affect your finances, and how to manage those finances to seek a sustained, financially secure future. Many individuals have gone down the wrong path, risking future financial security to satisfy present wants, sometimes even disregarding their future finances altogether.
