Virtue ethics is currently one of three major approaches in normative ethics. It may, initially, be identified as the one that emphasizes the virtues, or moral character, in contrast to the approach that emphasizes duties or rules (deontology) or that emphasizes the consequences of actions (consequentialism).

This is only a brief introduction to the Christian tradition and its implications for politics. There is of course much more to say and lots to discuss and debate. But at the core of the Christian vision of government is the human person created in the image of God. The purpose of politics is to serve man, not for man to serve the state.

### **Hope Must Conquer Fear in Politics**

The church has often abandoned these politics for access and power. Like Jesus, and many of my ancestors in faith, I want to live and to die for the politics of God's reign. If these politics do not animate our prayers, songs, sermons, and testimonies, our speech is reduced to sounding brass and tinkling cymbals.
